Outreach Services

The Somerset County Library System is pleased to offer home delivery of materials such as fiction and nonfiction books, DVDs, and videos to our patrons that are unable to use the library in person.

The Bridgewater Library also offers materials to residents in continuing care facilities. If requested by an activities director, the library will package materials such as books, magazines, DVDs, music CDs and other information sources for activities programs.

How Do I Sign Up?

Just give us a call.

How Do I Get My Books?

A volunteer will bring the materials you requested.
